Mastering Airspace and Weather Requirements

Wednesday, July 2, 2008 at 7:00 pm

**New Richmond Regional Airport
Hangar 11-2
625 West Hangar Rd.
New Richmond, WI**

Learning about airspace can save you at the very least the embarrassment of being in the wrong place at the wrong time - to saving the privileges of that precious pilot certificate that you worked so hard at earning. Weather is always a consideration no matter where or when you are practicing the art of defying the law of gravity. Also a brief presentation about the new Wings program and ATC Communications. Pre register your attendance for wings credit.

Directions: North Hangar area at New Richmond Regional Airport, located off Highway CTH CC.

Message from the National Safety Program Manager:
